**Goal:** The goal of the Area Leadership Team is to support the ALD in providing differentiated supports to principals in his/her area.

**Meeting Days and Locations:** Area Leadership Teams will meet Monday afternoons from 2:00-4:30 at each Area Office. Lead principals will attend one-two times per month.

**Facilitator:** ALDs will create the agenda for each meeting. Meetings will be designed to be collaborative with a problem solving focus.

**Team Members:** The team members (shown in the diagram) represent divisions of Human Resources, Administration, Curriculum and Instruction, and Instructional Support. Through the direction of the ALD, they will work together to improve leadership practices, teaching and learning practices, and student outcomes for the schools in their area. All team members will continue to report to their divisions but will support the work of principals and schools in each area by serving as part of the Area Leadership Team.
